

FIC Kindergarten Readiness Camp 2020 Guidelines

We are so excited to open back up and begin to offer Kinder Readiness Camps. We have missed everyone so much! We, as educators, know how important it is for children to learn through interactive play and exploration in a safe and stimulating environment. FIC and First Frisco United Methodist Church have committed to implementing, to the best of our ability, the standards set forth by Gov. Abbott and HHSC.

In regard to Covid-19, our staff has had additional training, our facilities will have additional cleaning, and our students will receive extra love and care during this most difficult time. With that said, we have implemented new procedures to help ensure the safety of all our students, parents and staff. Please see the important information below:

1. Our day begins at 9:00 am and ends at 12:00 pm. You will drop off and pick up in the carpool line of the FLC building (Enter from John Wesley). **Parents are not allowed in the building.**
2. You will receive a printed name tag with your child's name, teacher's name, and parent contact information as well as a name tag to place in your window for pick up. You are required to place the name tag on your child each morning to allow carpool drop off to go smoothly. Your car name tag needs to be placed in the window of your car for ease at pick up.
3. A Covid-19 waiver will be emailed to you and a signature is required to attend.
4. Each child's temperature will be screened before leaving the car (see Health screening guidelines below). Adults working carpool will wear a mask but the teachers inside will not (they too will be prescreened). Children will clean their hands before entering the building. Classes will remain separated to allow as much social distancing as possible.
5. Supplies: Bring a backpack with a water bottle, snack will be provided. Dress for messy outdoor fun.
6. Apply sunscreen daily as we will spend some time outdoors.

FIC and FFUMC remain committed to ensuring the safest environment for our students and staff during the COVID-19 pandemic. The guidance below is intended to help reduce and minimize the risk of exposure to COVID-19 for both our staff and children in our care. This guidance is in accordance with local, state, and federal government direction. Additionally, please be mindful that all listed measures are subject to change as government restrictions change or as we deem necessary.

Symptoms of COVID-19

- Fever
- Cough
- Shortness of breath or difficulty breathing
- Sore Throat

Additional symptoms include chills, new loss of taste or smell, and vomiting/diarrhea (children only). Please be mindful that symptoms in children although similar to adults, may exhibit in a milder fashion.

***Fever is determined by a thermometer reading of 100.4 or higher or by subjective signs such as flushed cheeks, fatigue, extreme fussiness, chills, shivering, sweating, headache, loss of appetite or loss of desire to drink.
